

## CHAPTER V

### CONCLUSION AND SUGGESTION

#### A. CONCLUSION

The analysis and discussion in the previous chapter lead to the following conclusions. *Dismissed* movie contains many interesting and memorable dialogues that can be categorized as the expressive speech acts. The conversations in the movies attract us from the way of speaking, acting and body movement. The drama and live action in this film also assist viewers to focus on what the characters are doing. Based on the data analysis, the expressive speech acts are frequently performed in the movie. It can be seen from the analysis in the previous section that elaborated the use of the expressive speech acts.

The results of the analysis showed that there are six kinds of expressive speech acts. There are expressive of thanking, expressive of apologizing, expressive of congratulating, expressive of greeting, expressive of wishing, and expressive of attitude. But the researcher only found five kinds of expressive speech acts and 21 utterances used by Lucas Ward in *Dismissed* movie. There are 6 expressive of thanking, 2 expressive of apologizing, 2 expressive of greeting, 6 expressive of wishing, and 5 expressive of attitudes.

Based on the data, there are two the most dominant of expressive speech act found in *Dismissed* movie that used by Lucas Ward are expressive of thanking and wishing. It can be concluded that Lucas Ward of *Dismissed* movie used expressive of thanking to express something in which have done in activities of all person. Thanking has function to express gratitude. As we know that thanking is about someone to show that the way people being grateful for something that someone has been done. Furthermore, expressive of wishing that used by Lucas Ward is also the most dominant expressive speech acts in *Dismissed* movie. Expression of wishing is a kind of utterance that expressed by speaker to show an expression of desire or wants to expect it becomes reality. The speaker wants to express what he/she hopes to be come true as what he is expected. It can be concluded that Lucas Ward in *Dismissed* movie using the expressive of thanking because he want to show an expression of gratitude and expressive of wishing to show an expression of desire. That's why the expressive of thanking and wishing is the most dominant used by Lucas Ward in *Dismissed* movie.

By watching this movie, the viewers or audiences will learn about words, actions and utterances. The viewer can learn about pragmatics, especially speech acts by observing the dialogues and

their context in every scene of the movie. The viewer can see the importance of expressive speech acts in keeping the smooth flow of the story lines of the movie. The viewer can also learn grammar, pronunciation, and vocabulary from what they see and hear. They can imitate the action that the characters performing in the movie. On the other hand, the impact that we can get from studying expressive speech act in a film is that we can reduce the misunderstandings that occur in our daily conversations. It certainly happens because the background of our knowledge is different from one another.

## **B. SUGGESTION**

On the conclusion above, the researcher would like to offer some suggestions. The first, many people can learn many things from this study. As mentioned earlier that there many advantages to learn speech act or specifically expressive speech act in this movie. Besides being able to understand deeper understanding of pragmatic, speech act, and expressive. This research is also useful for understanding how to use the correct statements. Hence, the researchers hope that many people will benefit from watching this movie not just for entertainment but also for study. For example, many schools and universities nowadays use movies to teach some

materials about speaking skill to improve their student ability. On the other hand, we sincerely hope that this research can also be initiated, reproduce and thoroughly study in other schools and universities. Secondly, the study in this thesis is only focused on the expressive speech acts. Through this study we will have better understanding why and how people react or response to expressive speech acts based on the psycho-analysis. In addition, as there are many types of expressive speech acts that related to the classifications of experts, it will be interesting well if this research carry out and investigates more comprehensively in the future.
