CHAPTER V
CONCLUSION AND SUGGESTION

A. Conclusion

Based on the research finding that was present in the previous chapter, the writer would like to give conclusions as follows:

1. The students' understanding in learning personal pronoun in seventh grade of SMP Muhammadiyah Tirtayasa is still less. It can be seen from the daily examination score that just reach the average score 49.6. Then the researcher did treatment by using role play model in learning personal pronoun. They were helped by the method because they interested during learning process. They got easiness to understand the material. It can be seen from the raising of mean when the researcher applied the role play, 70 in first cycle and 77.2 in the second cycle.
2. The students' achievement in learning personal pronoun has an effect. After the students learn personal pronoun by using role play, they get better score before. It means that using role play in learning personal pronoun can increase students' understanding about that material.

B. Suggestion

According to the conclusion above, the writer would give some suggestions to teachers, students and school as follow:

1. Suggestion for teachers:
   a. The teacher should be creative in developing English learning process in the classroom in order to make students interested and mastery the material well.
   b. The first step to develop students' understanding in learning personal pronoun is the teacher should have more attention to the students' skill in the classroom.
2. Suggestions for students:

a. Students must be critical to the teacher in the classroom if they haven't understanding about learning.
b. By using funny method, students are expected to be more concentration in the process of learning in the classroom.

3. Suggestion for the school
   a. To make the school become the real place of education, the school must build the learning environment, and it's not just the students' role, but needed all people who live in, such as headmaster, all teacher and staff.
   b. The school must run the good management to improve all process of learning activity, then the school can get better result than before.
