CHAPTER V

CONCLUSSION AND SUGGESTION

A. Conclusions

Based on the findings and discussion the researcher conclude that the pedagogical competence of the teacher of Al-Mubarok of the first grade of SMA Al-Mubarok is very good the teachers have good understanding in teaching learning which theory apply in teaching learning English. The students as well have good perceptionon their teacher pedagogical competence, there are the detail description:

1. Teacher understand and use emotional approche to know what the students requirement and what made them lack in learning, teacher try to develop the silabus, teacher used game as a media to help the students know every meaning of the question and teacher always gave an evaluation every last minut of meeting.
2. The pedagogical competence at SMA Al-Mubarok running properly, because the teacher use pedagogical in teaching learning and the teacher must understand how to use pedagogical in teaching learning like understand the charcter of the students and can give them a good method, teacher use curriculum 2013, teacher have good respond when students ask to teacher, and teacher use handbook and make a grop

for teaching and last teacher evaluated students with task after teaching.

B. Suggestions

Based on the conclusion above, the researcher proposes the following suggestions:

1. To the students

The students should pay attention what the teacher explains for making the learning process running well. If they do not understand the material or teacher explanation, they should ask to their teacher.

2. To the teacher

The teacher should give or prepare good material to make the students more interested in learning, because the teaching material give influence, to the students understanding. The teacher also has to know what students' difficulties to learn English is, and help to solve their problem.

3. To head master and chief of Islamic boarding school

To headmaster and chief of Islamic boarding school must evaluate the teacher and ask to teacher is there a problem when study in classroom and provide supportive infrastructure for teachers teaching classes.

4. To the board of education

To the board of education provide training for teachers to create an educated and worthy teacher to be an intelligent and responsibility teacher for the student.

5. To other researcher

Pedagogical is very important because pedagogical contains essential elements in a teacher and its importance for the research to understand and master the pedagogical competence of the teachers, and not only is it for the research as well as it is essential to understand the abilities of a different students.
