ABSTRACT

Siti Khodijah Nurhalisa. 181230133. 2022. *An Analysis of Students' Listening Anxiety in English as EFL Learners (A Case Study at the 2nd Semester of English Education Department in the State Islamic University Sultan Maulana Hasanuddin Banten).*

Listening is a complex processing in which the listeners take the incoming data, an acoustic signal, and interprets it based on a wide variety of linguistic and non-linguistic knowledge. The objective of this research is to find out the factors causes students' listening anxiety in English as EFL learners at the 2nd Semester of English Education Department in the State Islamic University Sultan Maulana Hasanuddin Banten. This research used a descriptive qualitative method. The participants of this research were 28 students in class 2A. The instrument which is used in this research were observation, questionnaire and interview. The result of this research show that in the listening material factors, the students' listening anxiety was caused by the speed rate, it is showed from 28 students there are 89,3% chose strongly agree with the statement. In lectures' factors, the students' listening anxiety caused by the lecturer show their frustration if the students do not know the answer, it is showed from 28 students there are 32,1% chose strongly agree with the statement. The last, in the students' factors, the students listening anxiety caused by the environment around the student, if the environment around them is noisy they would distract and will missed the important point, it is showed from 28 students there are 50% students chose strongly agree with the statement. It can be concluded that the listening material factors are the most influential factors causing students' listening anxiety. The next influential factors are student factors, followed by lecturer factors.

Keywords: *Students, Listening Anxiety, English, EFL Learners*

They always give her pure love, lessons life, and spirit no matter what. They mean a lot to her. This paper is also dedicated to all of the researcher's beloved friends who always support, cared for, and helped the researcher to complete this research.

MOTTO

“If you are grateful, I will surely increase you (in favor); but if you deny, My punishment is severe.”

-Q.S. Ibrahim; 7-

ACKNOWLEDGMENT

In the name of Allah, the Most Merciful, the Most Gracious, and the Most Compassionate.

There are no precious words to be said, but all praises are to Allah, the almighty God, who has sent Muhammad, peace be upon him, to be His prophet and messenger for people all over the world. The writer realizes and feels very sure that without His blessing, mercy, and guidance, it would be possible for the researcher to finish the paper.

The researcher would like to thank her beloved family, especially her parents, Mr. Agus Supriatna, SE and Mrs. Eneng Mustofiah, for their patience and support of the researcher in her life. Besides, she would like to profound gratitude to Dr. Yuyu Heryatun, M.Pd., as the first advisor; thanks also go to Siti Sa'diah, S.Pd., M.Hum., as the second advisor, for the correction and beneficial criticism.

Last but not least, she wants to thank herself for believing in herself, never quitting for doing all this hard work, and always learning from experience. Furthermore, she is very thankful to Dr. Purnama Rika Perdana, S.Pd, M.Hum as the Lecturer of the Interpretive Listening Subject who has given the researcher permission to conduct the research and also class 2A of English Education Department in the State Islamic University Sultan Maulana Hasanuddin Banten, as the participants in this research, all lecturers and staff in the State Islamic University Sultan Maulana Hasanuddin Banten, and her best friends. Without their patience, guidance, and cooperation, this thesis could never have been written; all of those who helped her are not mentioned personally here.
