

CHAPTER V

CONCLUSION AND SUGGESTION

A. Conclusion

Based on the finding and discussion of data analysis in the previous chapter, the reseacher presents several points that can conclude this research, as follows:

1. How is the implementation of BBC Learning English YouTube channel influence students' speaking skill?

In this study the researcher using BBC Learning English YouTube video as media in the process of teaching and learning English. The implementation of BBC Learning English YouTube video in teaching speaking through 3 stages, such as: pre-activities, while activities and post-activities. And also, the English teacher was involved as research collabolator that help the researcher in the process of the study before the treatment is given such as: making lesson plan.

2. How is the students respond of using BBC learning English YouTube channel?

The students' responses of using BBC Learning English video as media, it showed that the pronunciation, grammar and vocabulary of students in speaking was increased. It can be seen by their speaking

performance, they were more confident and careful in pronouncing the words, and they also knew how to pronounce the words while presenting their task orally. Then, the students are better at forming a sentences according to the grammar. The implementation of this media also improved the students' motivation in learning. The students more enthusiastic and interested in learning through BBC Learning English YouTube video that supported by the audio and visual that present in it. The students are more engaged on learning, as seen by their interest in watching the videos provided.

3. How is the the effectiveness of BBC Learning English YouTube channel in students' speaking skill?

The implementation of BBC Learning English YouTube channel influence students' speaking skill. There's positive effect of applying BBC Learning English YouTube video on students' speaking skill. It can be seen from the result of data analysis, it was revealed that t_0 in this study is higher than t_t . It means that there is significant effect of BBC Learning English YouTube video in improvement students' speaking skill at the eight grade of Mts N 1 Rajeg Tangerang.

B. Suggestions

Based on the previous chapter, the researcher proposes some suggestions. The suggestions are given to the students, teachers and more researchers. The suggestions as follows:

1. To the students

Hopefully, that students will be more enthusiastic and interested in learning activities. Especially in speaking, so the students can improve their ability to speak English.

2. To the teachers

The researcher proposes BBC Learning English YouTube channel as media to teach English speaking. And the researcher suggest the teacher to have strategy or great effort in implementing this media in teaching and learning process in order to achieve the learning objectives.

3. To more researcher

Hopefully, this research helps the next researcher to research the same case with the different topic, and give the information or at least, this research can be a reference for the further researcher related to the ways of using online media such as YouTube in the learning and teaching process.
