

STATEMENT OF ORIGINALITY

I declare that the research paper I wrote as partial fulfilment of the requirements for the sarjana degree and submitted to the English Education Department, the Faculty of Education and Letters, wholly constitutes my original scientific writing.

The other persons' works whose ideas are quoted in this paper have been referred to appropriately following the prevailing legal and intellectual ethics in the world of scientific writing tradition.

However, if the originality of this paper, either partially or wholly, later on, is proved, it falls under convincing plagiarism. I would be prepared to receive any consequences in the form of any sanction, such as losing my related academic results in the form of any sanction such as losing my related academic degree obtained from the institution and other rules prevailing in Indonesia.

ABSTRACT

Latifia Khoirunnisa. 181230019. 2022. The Effectiveness of Using Google Docs in Students Collaborative Writing in Writing Recount Text. A Quasi-Experimental Research at 8th Grade in MTsN 2 Kab. Serang).

This research aims 1) To find out the student's writing ability on recount text 2) To find out how the implementation of using Google Docs in collaborative writing in writing recount text 3) To find out the effectiveness of using Google Docs in student collaborative writing in writing recount text. This research uses a quasi-experimental method by taking the population of class VIII MTsN 2 Serang which consists of 64 students as samples. The researcher chose class VIII 2 as the experimental class using Google Docs and class VIII 1 as the control class without using it. The data were collected using pre-test and post-test and then analyzed by t-test. Based on the results of this study, it shows that the mean score in the experimental class for the pre-test is 64,34 and the post-test is 83,96 while the mean score in the control class for the pre-test is 55,06 and the post-test is 68,46 with the result value of t_o is 7,63 which is greater than the t_{table} value of 5% = 1.99. The results of the effect size show that there is a 48% effect which is predicated as a large effect. This means that there is a significant effectiveness of using Google Docs in collaborative writing of students in writing recount text.

Key words: *collaborative writing, recount text and Google Docs*
