ACKNOWLEDGMENT

In the name of Allah, the merciful, the compassionate

There is no valuable words to be said but all praises be to all praises to be Allah, the almighty God, who has sent Muhammad, peace be upon him, to be his prophet and messenger for people all over the world. The researcher realizes and feels very sure that without her blessing, mercy, and guidance, it would be possible for me myself to finish the paper.

Herewith she would like to express her profound gratitude, more than she can express, to Prof. Dr. H. Ilzamuddin, her first advisor, thank also go to Hj. Eulis Rahmawati, M.Pd. her second advisor of English Education Department for the correction and invaluable criticism.

Last, but far from least, her very sincere thanks especially go to her own beloved parents, and all of those who have helped her, who are not mentioned personally here, without their patience, guidance, and cooperation this thesis could never been written.

ABSTRACT

Alikha Istiqhomah Japarunissa. 181230006. 2022. The Effectiveness of Students' Speaking Skill Using Show and Tell Strategy. (A Quasi Experimental Study at the Second grade Students' of SMP Negeri 108 Jakarta Barat in 2021/2022 Academic year)

This study is designed to find out the effectiveness of "Show and Tell" strategy on students' speaking skill at the second-grade students' of SMP Negeri 108 Jakarta Barat. It is conducted based on the research questions 1) how is the students public speaking before and after using show and tell strategy? 2) what is the effect of using show and tell strategy in improving speaking in public? and the objective of study are 1) to get result after using show and tell strategy., 2) to find out the effect of using the show and tell strategy. This study used an experimental research design and the data was collected from 79 students in two classes (experimental class and control class). The result of this study is showed from the data of pre-test and post-test score. It can be seen from the mean of pre-test score in experimental class (60,0), and the mean of post-test score (78,4). Meanwhile, based on the statistical calculation the value of t_o (3,01), and df (77) in significance 5% ($t_{table} = 1,66$) and significance 1% ($t_{table} = 2,37$). From comparing the t_o and t_{table} , the result is $t_o > t_{table}$
 $= 3,01 > 1,66$ and $t_o > t_{table} = 3,01 > 2,37$. It means that $t_{observation} (t_o)$ is higher than $t_{table} (t_t)$, so Null Hypothesis (H_0) is rejected and Alternative Hypothesis (H_a) is accepted. It means that using show and tell in public speaking has significant effect on improving students' speaking skill.

Key words: *show and tell, speaking skill, public speaking.*
