

CHAPTER V

CONCLUSION AND SUGGESTION

A. Conclusion

1. Based on the aobservation that was done by the researcher, the student's mastery vocabulary in English seemd good, there are little mistakes on pronunciation, but totaly they good on memorizing vocabulary.
2. Based on observations during 3 meetings the result showed that Student's learning strategy using memorizing vocabulary was contributed to student's daily conversation. The application of practice conversation at first grade of MA Al-Rahmah is after they get some vocabularies. They gave some vocabulary every day consist of three words in a day, they must memorize it. After they got some vocabulary with memorizing, they could apractice the conversation with their pair work about holiday.
3. Student's memorizing vocabulary in English daily conversation at first grade of MA Al-Rahmah was good, it have seemed the score of student's conversation, there are five students get extremely good score, 24 students get good score, while the others are under 41 – 60 score. It means that most students students learning strategy using memorizing vocabulary in english daily conversation was good.

B. Suggestion

Referring to the conclusions above, the writer provided some suggestions, such as:

1. for the Teacher:

The teacher should be creative in developing English learning process in the classroom in order to make students interested and mastery the material well.

2. for the students:

The student must have high motivation in learning English. If they can speak english well they must memorize some vocabularies every day and be dillgent to practice their memorizing vocabularies so that they will speak english well if they must practice their english conversation.

1. For the Researcher

It is suggested to other writers, to complete this research by conducting any other research. The writer would like to suggest that the result of the study can be used as an additional reference for further research with different sample and occasions.
