

BAB V

CONCLUTION

A. Conclusion

Based on the data analysis in chapter IV, the conclusion was drawn as following: Action learning strategy can improve students' speaking Skill showed by the score they get. Furthermore, from the students' response toward the teaching and learning activity. It can be concluded that the students like action learning strategy. It proven by their participation in the class conversations, discussions, perform in the front of the class, pronunciation, fluency and feeling confident about speaking.

The students were more active and participated in the teaching-learning process of speaking. Therefore, action learning strategy can be alternative strategy for teacher in teaching speaking which can improve and keep their speaking. The most dominant of the student Boarding School Al-Mutazam is memory related strategies, because they can memorized well about the teacher speak in the class. And they can applying the strategy in daily activity especially the class They choose that strategies because the strategies is easy than other, and they can understand well about the lesson in the class using the strategies, the researcher concluded that the learning strategies that the students used speaking skill based on the characteristic of each students. The

students choose the strategy that suitable with them that can make them easy to understand and enjoy the class.

B.Suggestion

In this part, the researcher would like to give some suggestions as follows: For Teacher, Action learning strategy would be very helpful to improve students' in speaking skill, so the teacher needs to maintain using action learning strategy as alternative technique of the teaching process at students of junior high school, The teacher should give clear explanation and instruction in directing her students using action learning strategy, the teacher should control the students' activities.

For the students Action Learning strategy is very important in learning process because it can help the learning easier, faster, more enjoyable and more effective. Because of that, it is suggested to the students to choose the Action learning strategy that is suitable for them so that they can understand the lesson easier and enjoy the lesson

Finally, the writer realizes that this research still have some weakness and mistakes. Therefore, the writer would like to accept any constructive suggestion to make research better.
