ABSTRACT

NENG ELAS. 171230120. *An Analysis Morphology of Word Formation on BBC News Article Year 2022-2023.* The paper of English Education Department at Faculty of Education and Teachers Training of State Islamic University Sultan Maulana Hasanudin Banten, 2022/2023.

This study aimed to understand and explain about types of affixes and compound words and to know the dominant kinds of word formation process (affixes and compound words) that are used in BBC news article. The subject of this research is the articles of BBC news. The focus of this study is to know what types of affixes and compound words found in BBC news article and how the words are formed which related to the process of word formation. The method of this research was qualitative content analysis design. The data collecting procedures is reading and understanding the news, choosing the articles on BBC, and analyzing the types of affixes and compound words. This research applied Miles and Huberman model to analyze the research data through some steps, namely: data collection, data reduction, data display, and concluding. In this research, the researcher took 15 BBC news article as a purposive sampling. The result of the research show of the use of affixes types (suffix) on BBC news is the highest than other types. Likewise, the kinds of affixes and compound words are 37 prefixes, and 1.303 suffixes. The affixes have found 1.340 in total. There are 41 words in endocentric compound words meaning and 43 words in exocentric compound meaning. The compound words have found 84 in total.

Keywords: *word formation, the types of affixes, compound words, BBC news*
