ABSTRACT

Riska Amalia. 181230159. 2023. *The Effectiveness of Fondi Application to Improve Students' Speaking Skills. (An Experimental Research at Eleventh Grade of MA Al-Islah Cikeusal- Kab. Serang in Academic Year 2022-2023)*

The research investigated the effect of using fondy application as media in teaching speaking skill. This research was to find out whether teaching speaking by fondy application could improve students' speaking skill. A Quasi-Experimental was used by researcher as a methodology of this research. For taking a data, the researcher was used an oral test as instrument in both pre-test and post-test. The population of this research were the eleventh grade of MA Al-Islah Cikeusal- Kabupaten Serang. This research took 63 students' as a sample and divided it into two classes there were control group and experimental group. The research finding showed that t-test (t_0) was higher than t-table (t_t) with significant degree of 5% ($8,402 > 1,670$). In addition, the result of this research showed that H_a was accepted because t-test was higher than t-table. It can be concluded that using Fondy application can improve students speaking skill with some aspects which are improved including students' fluency, vocabulary, pronunciation, grammar, and comprehension.

Key words: *Technology, Fondy Application and Speaking.*
