## ABSTRACT

**Siska Maulida Fitria.181230105.** 2022. *“The effectiveness of story pyramid to improve students’ reading comprehension on Narrative text (a Quasi Experimental Study at eleventh grade senior high school of Fajrul Karim”*

This research aims to measure the effectiveness of using Story pyramid to enhance student’s reading on narrativetext. There were three research questions proposed in this study, namely : 1 How is students’ reading comprehension on narrative text at eleventh grade senior high school of Fajrul Karim before treatment. 2. How is the implementation of story pyramid to improve students’ reading comprehension on narrative text ? 3) How is the effectiveness of story pyramid to improve students’ reading comprehension on narrative text. The research design of this study consist of pre-test, treatment and post-test where XI A class acts as experimental class and XI B class acts as control class. Then they were divided into two groups, experimental and control. In the process of treatment, the experimental group received story pyramid as learning media, while the control group receive the conventional teaching. The final finding of this hypothesis test showed at the effect size in this study was 1.0, while the strong effect category was (0.51>1.00) it can be concluded that there is a strong influence of story pyramid by using narrative ext on the development of students’ reading ability in the eleventh grade of Senior High School Of Fajrul Karim.
