

CHAPTER V

CONCLUSION AND SUGGESTION

A. Conclusions

Based on the research finding that was presented in the previous chapter, the researcher would like to give conclusions that the application of using the English Grammar Book application has a good impact, because students who have been given learning treatment using the English Grammar Book application have higher scores than students who are not given the English Grammar Book application

Based on the result of analysis about the effectiveness of English Grammar Book application to enhance students' grammar competence showed that the distribution of score in experiment class was greater than control class. The result of t-test shows that $t_o: t_t = 7,8 > 1,67$, in degree of significance 5% and $t_o: t_t = 7,8 > 2,39$ in degree of significance 1% so that H_a (alternative hypothesis) of the result is accepted and H_o (null hypothesis) is rejected. It means that the use of English Grammar Book application has significant effect on students' grammar competence.

B. Suggestions

According to the conclusions above, the writer would give some suggestions as follows:

1. For the teachers

The teacher should be creative and make interactive indeveloping English learning process in the classroom in order to make students interested and mastery the material well and also make the

students to be enthusiastic to follow teacher instructions. Using good technique can improve students' understanding in learning English.

2. For the next researcher

It is suggested to other researchers to complete this research by conducting any other researcher by using techniques in learning process. The researcher would like to suggest that the result of the study can be used as an additional reference for further research with different sample and occasions.
