CHAPTER V

CONCLUSION AND SUGGESTION

A. Conclusion

After conducting data and analysis, this research showed the result with the answer of statement of the problem below.

1. The implementation of 'Engwith Daria' TikTok videos to enhance students' vocabulary mastery was easily accepted by the students. Using TikTok videos in learning vocabulary increased the students' enthusiast of learning English. The implementation of 'Engwith Daria' TikTok videos was conducted by using students' each devices as learning media. In the learning process, every student has their own chance to ask question and also answering topic about vocabulary.

2. The influence of 'Engwith Daria' TikTok videos as learning material to enhance students' vocabulary mastery has been showed in this result. The result of this research showed the scores of pre-test and post-test. The mean score of pre-test was 33.39, and the mean score of post-test was 78.23. The hypothesis test used paired sample t-test, research result showed significant value (2-tailed) 0.00<0.05 indicates a significant difference between the initial variable and the final variable. This shows that there is a significant effect on the difference in the treatment given to each variable. So, the null hypothesis (H_0) is rejected and alternative hypothesis (Ha) is accepted. Based on the result, the researcher concluded that there was significant effect to improve students' vocabulary mastery by using 'Engwith Daria' TikTok videos.

3. Type of vocabulary that influenced by 'Engwith Daria' TikTok videos as learning material is Noun with the result 46%. The result of this research showed that there were 46% noun test had been answered correctly by the students, 24% Verb test had been answered correctly by the students, 10% of Adverb test had been answered correctly by the students, and 20% point of test had been answered incorrectly by the students. This data concluded that 'Engwith Daria' TikTok videos have the most significant effect to students' vocabulary mastery especially in Noun.

B. Suggestion

In teaching and learning teacher should be able to make the activity of teaching learning becomes more enjoyable and fun for students. Therefore, the students do not feel bored with the usual method of teaching and learning. The teacher can be able to evaluate or give feedback after the process of teaching and learning by using 'Engwith Daria' TikTok videos to improve students' vocabulary mastery.

Based on the result of this research, the researcher would like to give some suggestion as follow:

1. For the teacher, be more creative in choosing the media of English class especially in teaching vocabulary to make students interest in learning process by using 'Engwith Daria' TikTok videos.

2. For the other researcger, it could be better if other researcher used more variables or previous study to maximize the research, increasing samples so that the research is able to represent the actual situation (accuracy of the data).
