

CHAPTER V

CONSLUSSION AND SUGGESTION

A. CONCLUSSION

1. WhatsApp is not specially design for learning application, but there are so many people using it for supporting the teaching learning activity. Through it features we can explore the use of WhatsApp group as a media in learning English.
2. Just like Apps in general, WhatsApp also has its own advantages and disadvantages, as follow:
 - a. Advantages of WhatsApp such as, WhatsApp is familiar application, easy to use, have some good features, can be used everywhere and small quota usage.
 - b. Disadvantages of WhatsApp such as, can not to send a large data and because WhatsApp is not specially design for learning application, there are no special feature for learning, such as automatic attendance and task folder.

B. SUGGESTION

In this part, researcher would like to contribute some suggestion for the English teacher, students and other researcher based on the finding and discussion.

1. The English teacher should be more creatively and innovative to select the teaching strategy to deliver about the material. Try to find good instructional media to get student's interest.
2. Student's must changes the mindset that learning English is difficult. Because it will be covered your think to all than have correlation with English. Try to apply the quotes *'love what you do, do what you love'*
3. To the further researcher, particularly who have the same problem with this research, and interest conduct the research. I am suggested that maybe this research can be a reference. Hopefully there will be any further researcher.
