

CHAPTER V

CONCLUSION AND SUGGESTION

A. Conclusion

In this chapter, the researcher draws conclusions that after the researcher has collected and analyzed the data, the conclusion is about the moral values expressed in "The Social Network " movie.

1. This movie is documentary movie, as others movie The Social Network Movie has moral values. Moral value is a logical phrase that describes whether a principle, action, or human character is true or incorrect, right or wrong, and good or evil. As a result, moral value can be defined as a philosophy of good and bad regarding a person's behavior in everyday life, whether it is an individual or societal invention. Fom this analysis the researcher found that there are 4 types of social value based on the theory of Thomas Lickona such as 1)Courage,2) Responsibility, 3) Help Each Others, and 4), Never give up.
2. The implication of this movie for learning english is a teachers can provide students with a way to learn that is not boring and fun. The movie can be good media for teacher to

teach English listening comprehension. Other hand, teacher can transform the positive value for students. Teacher can transform the value thought this movie and make the listening habit while English learning process. Usually watching movie can give our inspiration, suggestion and motivation in our life. From the movie can also motivate students to develop students English vocabulary.

3. There are 12 moral values according to Thomas Lickona in this study researchers only found 4 moral values . This shows that not all moral values must exist in a movie.
4. The researcher hopes that by reading this research, the reader understands the meaning of moral values and educational values, especially the moral values contained in the " The Social Network " movie.

B. Suggestion

At the conclusion of the study, the researcher would like to make the following suggestions:

1. For students :

viewing a movie is entertaining and serves a variety of purposes for students. movie is a good recommendation for student. Student can absorb the positive values which show in

movie. This is not only a source of amusement, but it also provides a great deal of message. Because the researcher hopes to impart something useful and beneficial in this film, which can serve as a guide for children's views. Movies may supply us with motivation, inspiration, morals, and knowledge. Researchers hope that moviegoers would see the bright side and put it into practice in their daily lives.

2. For Teacher :

A movie can be an effective teaching tool for English listening comprehension. On the other side, teachers have the ability to transform good value for students. The value of movie can be transformed by the teacher, who can instill the habit of listening during the English learning process.

3. For other researchers :

By reading this research, readers will get knowledge regarding the moral value of movies. Morality is highly essential to humans, and we may readily learn moral values from movies. The third option is for pupils to understand and implement moral ideals in their daily lives. Students that are studying moral principles can

use this thesis as a resource. Finally, this thesis can be used by the English Department to add a reference to moral values.
