## **B. SUGGESTION**

Suggestions are directed to:

### 1. English Teachers

Teachers should be more creative and innovative in making instructional media and using them in the teaching and learning process, because it will make it easier for students. Learning technology is theory and practice in the design, development, utilization, management and evaluation of processes and resources for learning. This is a complete unit to improve student learning outcomes in the learning process in educational units. For this reason, educators are needed who have adequate academic and professional skills, strong personality qualities appreciate their profession as educators.

### 2. Future Researchers

Hopefully other researcher can further develop research on Lyrics training website not only Listening learning because lyrics training can be accessed using English, French or Spanish as the language of instruction and 12 other languages can be used.
