EFLIN LUPITA PUTRI, 2017, "A Comparative Study in Teaching Listening Skills Through Video and Song" (A Comparison study at Tenth Grade in SMA Al-Munnawaroh Cilegon). Paper of English Education Department at Faculty of Tarbiyah and Teacher's Training of State Islamic University Sultan Maulana Hasanuddin Banten. Adviser : As'ari, S.S., M.Si. and Ila Amalia, M.Pd

ABSTRACT

This research compared of video and song in teaching listening, as stated on the title: that is "A Comparative Study in Teaching Listening Skills Through Video and Song a Comparison Study at Tenth Grade in SMA Al-Munnawaroh Cilegon.". The research is conducted based on the problems 1) How is the students' skills on listening at tenth grade of SMA Al-Munnawaroh Cilegon? 2) How is the application of teaching listening through video and song at tenth grade of SMA Al-Munnawaroh Cilegon?. This research aimed : 1) To know the students' skills on listening at tenth grade of SMA Al-Munnawaroh Cilegon 2) To know the application of teaching listening through video and song at tenth grade of SMA Al-Munnawaroh Cilegon

The result of class video is mean of pre-test score 60,87 and post-test 75,65. And class song is mean of pre-test 44,13 and post-test score 64,78. So it means the mean of class video is highest than class song, because students in teaching listening skills in class video highest than class song calculated with assumption as follow.

Based on calculation above is know that t table with level significance 5%= 1,68 and with level significance 1%= 2,41. So $t_{\text{account}} = 16,93$. So, $1,68 < 16,93 > 2,41$. It means that $t_o > t_t$, and the writer concludes the alternative hypothesis is accepted. It means that there is significant comparative teaching listening through video and song of SMA Al-Munnawaroh Cilegon.

**A COMPARATIVE STUDY IN TEACHING LISTENING SKILL
THROUGH VIDEO AND SONG**

**(A Comparison study at Tenth Grade in SMA Al-Munnawaroh
Cilegon)**
