Bunaken, The Best Places To Learn To Dive

Located north of Manado, North Sulawesi, Bunaken is one of the five islands in the Bunaken National Marine Park that offers some of the best underwater scenery in Indonesia. It is also the closest to Manado and the most visited.

Bunaken National Marine Park has continuous walls that drop as far as the eye can see, plunging to over 200 meters. Also called the hanging walls, they are the walls of giant coral that stand vertically, arch toward the surface and are adorned with various colorful coral and many kinds of magnificent fish.

Lekuan II and Lekuan III are two of the best sites in the vast marine park, which is widely regarded as one of the best tropical dive regions in the world. The spots are also where 1-meter diameter green turtles rest, at a depth of between 10 and 30 meters.

Near Molas Beach, just outside Manado on the mainland coast, you can also find the wreck of the Molas that lies in 24 to 40 meters of water and a school of long fin batfish circling the top of the wreck. This

Dutch freighter sank during World War II and its hull has become a home for many fish species.

Roti gempol, Best old bakery in Bandung

Roti Gempol

One of Bandung's old-time favorite bakeries is now trending again thanks to its smart move to partner with the city's young and happening eatery Kopi Anjis!, which is a popular place to hang out in Bandung especially for university students.

The partnership somehow reminded people again of the sweet nostalgia of childhood and how nice it was to savor the bakery's thick, moist and warm bread.

Now younger customers can often be seen crowding the not-so-spacious eating space, which resembles a homey terrace with a vintage feel. Photos of its bread can frequently be found on social media such as Instagram.

The bakery's story, however, started a long time ago, in 1958 in Salatiga, a small city in Central Java. It later migrated to Bandung after

the owner, Lidya Usman, enrolled at the Bandung Institute of Technology (ITB).

Roti Gempol produces its own bread and also supplies hotels, cafes and restaurants in Bandung. The bakery's factory is next door and operates daily from 5.30 a.m. to 4.30 p.m. One of the great things about Roti Gempol is its affordability. The bakery's favorite item -- toasted wheat bread with meat, cheese, egg and homemade mayonnaise fillings -- for example, is only priced at Rp 18,000 (US\$1.44). And you can conveniently savor it while sipping tea, coffee or fresh milk for a complete hearty meal. Open from 7 a.m. to 9 p.m., Roti Gempol can be found at Jl. Gempol Wetan No. 14.
