ABSTRACT

The objectives of the research are to know the extent of the improvement of students’ speaking skill through dialogue activities of the tenth year students of SMAN 6 Kota Serang of the academic year 2018/2019 and to identify the situation when dialogues are implemented in the speaking class of the tenth year students of SMAN 6 Kota Serang of the academic years 2018/2019. This study was experimental research; the target population of this study was all the tenth grade students of SMAN 6 Kota Serang in the school year 2018/2019. The researcher took 72 students as the sample of the study, 36 students as the experimental group and 36 students as control group. To collect the data, the researcher used test. In analyzing the data, the researcher used the comprehensive description of FSI procedure and then conversed with the criteria of the weighting table of the comprehensive description of FSI procedure. The result of this research shows that the students’ speaking abilities who use dialogue activity in the class achieve better performance than those which do not use dialogue activity in improving speaking skill.
