Febi fitriyani, SRN : 142301743, ***“Teaching speaking skill by using macromedia flash 8(An Experimental Research At First Grade Of MTsN 2 Kota Cilegon),”*** Undergraduate Research Paper, English Education Department, Faculty Of Education And Teacher Training, The State Islamic University, “Sultan Maulana Hasanuddin” Banten. Advisor : As’ari, S.S., M.Si and Drs.H. Bustomi Ibrohim, M.Ag.

ABSTRACT

This research investigates teaching speaking skill by using macromedia flash 8. The research is conducted based on the main problem: 1. How is the student ability in speaking ? 2. How is macromedia flash 8 applied in teaching speaking? 3. How is the effectiveness of macromedia flash 8 in teaching speaking? 1. To know the student ability in speaking 2. To know macromedia flash 8 applied in teaching speaking 3. To know the effectiveness of macromedia flash 8 in teaching speaking.

To answer the research question, the writer collected the data from 63 students, by divided them into two classes, one group as the experimental class and another as control class. The population is the first grade of MTsN 2 Cilegon academic year 2018/2019, while class (VII B) as the experiment class consist of 31 students and class (VII C) as the control class consist of 32 students taken as sample. the researcher used quasi experiment method. The data gathered trough pre- test and post test.

The writer used with level significance 1% and 5% it is explained by the calculation of the result of t-test, which the value of the t_o is 12.21 and the value of the degree of significance 5 % is 2.00 and 1 % is 2.66. Because t_o is bigger than t_t , so the writer’s hypothesis (H_a), there is significance difference between student speaking ability for macromedia flash 8 at first grade of MTsN 2 Kota Cilegon, is accepted.

Keywords: Macromdia flash 8, Speaking skill.
