

CHAPTER V

CONCLUSION AND SUGGESTION

A. Conclusion

After conducting the research, the researcher found some conclusion. Base on the statement of problem in chapter one, the description and interpretation in chapter four, the researcher concludes some point as follows:

1. The application of teaching writing procedure text through video made students understanding on writing procedure text, they can write a procedure text with vocabulary, grammar, mechanic, and organization correctly. Teaching through video also made students enjoy and fun because of globalization era and there life style.
2. The application of teaching writing trough video as media can improve students understanding on writing procedure text. It has seemed from the average score of students from each cycle. In cycle I, the average score was 61,34, from 38 students who got score achieve Minimum of Completion Criteria (KKM) was 7 students or 18,73% In Cycle II the average score was 76,73. From 38 students who got score achieve Minimum of Completion Criteria (KKM) was 32 students or 84,21%.

The result of analyzes about whether the improving of trough video as media on students writing procedure text, there is significant to improve students writing on procedure text. It caused of media is well applied and easy to understand for students. It can be concluded that a video as media has significant to improve on students writing of procedure text.

B. Suggestion

After getting the result of students writing procedure text through video as media the researcher needs to give some suggestion to:

1. For Students:

- a) Students should learn English and should not give up. Students can develop their knowledge and capability by themselves or with their partner use exercise.
- b) Students should write English as habitual activity in the learning English.
- c) English is easy if the students can understand, and can do this way in the class well.

2. For Teacher

- a) Teacher should give new and various media in teaching English (through video is powerful).
- b) Teacher should pay attention to the students who have problem in using English.
- c) The teacher should become motivator resource, and feedback provider for the students, and then the students will be comfortable in teaching learning process.

3. For The School

- a) The school should improve students skill using English language as international language
- b) The school should find the better strategy for teaching English in the classroom
- c) The school should use various media, so that the students can enjoy in the learning teaching process.
