

CHAPTER V

CONCLUSION AND SUGGESTION

5.1 Conclusion

Based on the research carried out in second grade at MTs Al-Rahmah Lebakwangi Serang Banten academic year 2018/2019, it is concluded that comic book is effective to enhance the students' reading comprehension. It referred to the following information:

1. The observation result showed that the student's participation were more active and interested in learning reading through comic book media in the classroom.
2. Based on the interview result it can be concluded that the students' perception and impression about process of learning reading comprehension of descriptive text through comic book media is more enthusiastic.
3. Related to the achievement data, there were some progressions of students' score from pretest to the posttest of the second cycle. In the pretest, there were 2 or 6.66% students who passed the *KKM* and the mean score of pretest

were 54.2%. Then in the result of posttest in cycle I, there were 13 or 43.33% students in the class who passed the *KKM* considering their mean score of the test gained 64.6. Next in the result of posttest in the second cycle, there gained 30 or 100% students who passed the *KKM* in which their mean score of vocabulary test derived 84.53.

From the result of research on the previous chapter shows that comic book media method makes students easier in using reading comprehension, and makes them easier in exploring their idea in speaking. The method also can develop students' achievement significantly in reading comprehension.

5.2 Suggestion

A teacher also may use other innovation in teaching and learning process to improve students' academic achievement. A teacher should not teach their students monotonously, because it may make them bored.

Based on the Classroom research result, the writer gives some suggestion as follows:

1. Comic book media can be applied in English teaching learning process as one of the innovations in teaching learning process, particularly the attempt of developing students reading comprehension. Comic book media make them easier in developing their reading comprehension.
2. We should used any techniques in teaching English, especially in teaching reading. The teacher should not teach their students monotonously, because it may make them bored. Teachers may use the other innovations in teaching English for example use comic book, flash cards, puzzle, chart, picture etc
3. Its clear instruction to the students to concentrate on learning process.
