

CHAPTER V

CONCLUSION AND SUGGESTION

A. Conclusion

Based on the research which has conducted in Second Grade of MTs N 3 Pandeglang “The Influence Of Poster On The English Vocabulary Mastery (An Experimental Research At Second Grade Of MTs N 3 Pandeglang).“ The writer could conclude some facts as follow:

The result of the pre-test and post-test between experiment class (using of poster Meida) and control class (non of Poster Media) the writer could conclude that score of experiment class was better than score of control class, it can be shown from the result of data analysis that mean of variable x was 58.75 and after treatment the mean of variable x was 75. It is means the mean of variable x was in good category. From the result of the score of experimental class, pre-test 1880, and post-test score 2400. The pre-test score of control class was 2100, and post-test was 2230. The result of analysis of the research show the value of t_0 2.79 it is higher than the value of t_{table} the level significance 5% and 1%

1.99 and 2.65. It means H_a (alternative hypothesis) of results was accepted and H_o (null hypothesis) was rejected. It means that significance was the influence of Poster Media toward in Teaching Vocabulary at the Second Grade MTs N 3 Pandeglang.

B. Suggestion

Based on research and collected data, the writer tries to give some suggestion related with teaching learning process. The suggestions are for the teacher, students, school, and future research.

a. For the teacher

1. The teacher who directly involved to the teaching-learning process suggested chooses the variation media or strategy of teaching-learning process.
2. The teacher should be able to use various and interesting strategy and media in teaching learning and Help Student can enjoy the teaching and learning process and can memorize the words easily
3. English teacher may use this Media when they teach English especially in teaching Vocabulary

b. For the students

1. Students have more spirit and more motivated by the use of learning medias.
2. The students should memorize vocabularies, it is useful to help students connect what they already know to what they are expected to learn, and to construct new knowledge from the analysis and synthesis of this learning process.

c. For school

1. The school should be more supportive of teaching learning especially in English lesson.
2. The school should pay more attention to media that is needed for students to learn with fun.

d. For the future research

For the next research, the writer hopes they will conduct the investigation of other teaching medias that can be applied by teachers.
