

CHAPTER V

CONCLUSION AND SUGGESTION

In this chapter the writer discusses about conclusion and suggestion of this research entitled Morphological Analysis on Derivational Suffixes In Monthly Magazine “KOREA” November 2017. The conclusion is drawn from the finding and discussion that had been analysed by the writer. This chapter also included suggestion related to the research.

A. Conclusion

The writer comes to the conclusion that kinds, forms and meanings of suffixes are as follows:

The kinds of suffixes base on adjectives used in Monthly Magazine “KOREA” November 2017 are *-ly* (75), *-er* (2), *-ty* (3), *-ce*(7), *-dom* (2), *-ship* (1), *-ness* (4), *-ize* (3), *-ism* (1). It shows that the most frequently presents are suffixes *-ly* as an adverb marker in every articles in Monthly Magazine “KOREA” November 2017 which have a meaning that the author wants to show a clarity for the students about the expression of the actors or the conditions that happened in every articles in this magazine. Suffixes in this data source formed noun from adjective, adverb from adjective, and verb from adjective.

Thus, the meaning of the suffixes that is used in Monthly Magazine “KOREA” November 2017 shows the indicators of changing the class of category.

B. Suggestion

After drawing conclusions the writer gives some suggestions as follows:

1. The analysis in this paper is limited. Therefore, the writer suggests the students of Department of English Education who are interested in this field to do further research, particularly about grammatical concern.
2. The writer hopes this paper could be a reference for those who would like to conduct further research affixes.
3. Last but not least, the writer fully realize that this paper is still far from being perfect, therefore any constructive criticism will be highly appreciated.
