

CHAPTER V

CONCLUSION AND SUGGESTION

In this chapter the researcher would like to write the conclusion and suggestion based on the result of the analysis on the lyrics of Westlife's selected songs. Also pedagogical implication.

A. Conclusion

Based on the findings presented in the chapter IV, the researcher gets some conclusion as follow:

1. In this study, the researcher has 31 data in this thesis. There are 18 or 59% data of hyperbole, 4 or 13% data of personification, 1 or 3% data of synecdoche, 7 or 13% data of metaphor and 1 or 3% data of simile. It can be said that the dominant types of figurative language in those songs is hyperbole. The author used hyperbole to produce images in reader or listener mind and to explain ideas, emotions, and images in a more efficient way than through plain language. In addition, the author also used hyperbole to frame the idea and give context in order to allow the reader or listener to better understand what the author intends.
2. Each lyric is written certainly does have a message directed to the listener and the readers. The message is directed with the intention that they get the impression after listening and reading the lyric.
3. The lyrics of Westlife's selected songs try to tell us about human social life which contained about love, sadness, happiness, spirit and others. In lyrics of Westlife's selected songs that contain figurative language is helpful in understanding the song. The existence of figurative language is not to complicate the understanding of lyrics but to simplify and to clear the understanding of lyrics. The song is very suitable for the English learner who wants to improve their English skills.

B. Suggestion

Although this study was carried out with a short period of time in analyzed of song, these findings provide some useful information that can be used by students, teachers and future researchers to improve the analysis of figurative language, especially in analyzing the song.

1. Suggestion for students

The student should be open minded that figurative language is very important. Moreover, study about figurative language that usually used in song, poem, etc. Using the figurative language can help the learner in language skills. It's can help the learner in writing skills, listening skills, speaking skills and reading skills. In listening song, the author makes the song lyric imaginatively and soulfully and its make the listener is invited to feels the existing song in the song lyric.

2. Suggestion for the teacher

Related to the contribution to the English teacher, it is hoped that this study can be a complement for other literary studies especially about figurative languages, when teaching listening, writing and reading.

3. Suggestion for the researcher

The researcher hopes that the future researchers can include all aspects of figurative language. Also can include all aspects of figurative language. Then the researcher suggests that the next researcher can find other types of figurative language which are not found in this study. Beside that, the next researchers can use other theories in conducting their study.

C. Pedagogical Implication

1. Based on findings and discussion above, the research think in classroom, teacher should introduce this figurative language, because figurative language could help the learner in language skills. For

example writing skill is one of language skill. So that in practice, writing skills get a special portion of the Education Unit Level Curriculum. One kind of the writing skills is to write a narrative writing. Narrative writing is a form of discourse that describe an event based on time so that when reading the narrative writing, the reader is invited to feels the existing events in the narrative writing. Therefore, there is no doubt that in the narrative writing seek so much figurative language. Figurative language in a narrative writing itself is a language of metaphors which represent the feelings of the author.

2. An understanding of Figurative language can increase the meaning whatever the student or people around us saying and writing. Once language learners understand how to organize meaning, Figurative language can be a tool for knowing and understanding the meaning of text.
3. With learning about the figurative language, we are as the students that will be a teacher, can get the benefits, for ourselves or for our students someday. When the researcher learns about figurative language the researcher knows and understands the meaning what the other people say or understands when reading text.

APPENDICES

a. The lyrics of Westlife's selected songs

1) Soledad (Westlife - Coast To Coast 2000)

If only you could see the tears in the world you left behind

If only you could heal my heart just one more time

Even when I close my eyes

There's an image of your face

And once again I come I'll realise

You're a loss I can't replace

Soledad

It's a keeping for the lonely

Since the day that you were gone

Why did you leave me

Soledad

In my heart you were the only

And your memory live on

Why did you leave me

Soledad

Walking down the streets of Nothingville

Where our love was young and free

Can't believe just what an empty place

It has come to be

I would give my life away

If it could only be the same

Cause I can't still the voice inside of me

That is calling out your name

Soledad

It's a keeping for the lonely

Since the day that you were gone

Why did you leave me

Soledad

In my heart you were the only

And your memory live on

Why did you leave me

Soledad

Time will never change the things you told me

After all we're meant to be love will bring us back to you and me

If only you could see

Soledad

It's a keeping for the lonely

Since the day that you were gone

Why did you leave me

Soledad

In my heart you were the only

And your memory live on

Why did you leave me

Soledad

2) You Raise Me Up (Westlife – Face To Face 2005)

When I am down and, oh my soul, so weary;

When troubles come and my heart burdened be;

Then, I am still and wait here in the silence,

Until you come and sit awhile with me.

You raise me up, so I can stand on mountains;

You raise me up, to walk on stormy seas;

I am strong, when I am on your shoulders;

You raise me up... To more than I can be.

[Instrumental break]

You raise me up, so I can stand on mountains;

You raise me up, to walk on stormy seas;

I am strong, when I am on your shoulders;

You raise me up... To more than I can be.

You raise me up, so I can stand on mountains;

You raise me up, to walk on stormy seas;

I am strong, when I am on your shoulders;

You raise me up... To more than I can be.

You raise me up, so I can stand on mountains;

You raise me up, to walk on stormy seas;

I am strong, when I am on your shoulders;

You raise me up... To more than I can be.

You raise me up... To more than I can be.

3) Nothing's Going to Change My Love for You (Westlife - The Love 2006)

Nicky:

If I had to live my life without you near me

Days would all be empty

And nights would seem so long
With you I see forever wrote so clearly
Might have been in love before
But never felt this strong

Shane:

My dreams are young we both know
To take us to where we want to go
Hold me now, touch me now
I don't want to live without you

Mark lead + all:

Nothing's going to change my love for you
You already know by now how much I love you
One thing you can be sure of, I'll never ask for more than your love
Nothing's going to change my love for you
You already know by now how much I love you
The one that changed my whole life through
But nothing's going to change my love for you

Kian:

If the road ahead is not so easy
Love will lead the way for once
Like a guiding star

I'll be there for you if you should need me

You don't have to change a thing

But be just the way you are

Shane:

Come with me and share the view

I'll help you see forever too

Hold me now, touch me now

I don't want to live without you

Mark lead + all:

Nothing's going to change my love for you

You already know by now how much I love you

One thing you can be sure of, I'll never ask for more than your love

Nothing's going to change my love for you

You already know by now how much I love you

The one that changed my whole life through

But nothing's going to change my love for you

Nothing's going to change my love for you

You already know by now how much I love you

The one that changed my whole life through

But nothing's going to change my love for you

All + (Mark):

Nothing's going to change my love for you (yeah...)

You already know by now how much I love you (I love you)

One thing you can be sure of, I'll never ask for more than your love (your love)

Nothing's going to change my love for you (nothing's going to change)

You already know by now how much I love you

The one that changed my whole life through

But nothing's going to change my love for you (change my love for you)

Nothing's going to change my love for you (yeah...yeah)

You already know by now how much I love you

One thing you can be sure of, I'll never ask for more than your love (your love...)

Nothing's going to change my love for you

You already know by now how much I love you

4) I'm Already There (Westlife - Back Home 2007)

He called her on the road

From a lonely cold hotel room

Just to hear her say I love you one more time

But when he heard the sound

Of the kids laughing in the background

He had to wipe away a tear from his eye
A little voice came on the phone
Said daddy when you coming home
He said the first thing that came to his mind

Im already there
Take a look around
Im the sunshine in your hair
Im the shadow on the ground
Im the whisper in the wind
Im your imaginary friend
And I know Im in your prayers
Oh Im already there

She got back on the phone
Said I really miss you darling
Dont worry about the kids theyll be alright
Wish I was in your arms
Lying right there beside you
But I know that Ill be in your dreams tonight
And Ill gently kiss your lips

Touch you with my fingertips
So turn out the light and close your eyes

Im already there
Dont make a sound
Im the beat in your heart
Im the moonlight shining down
Im the whisper in the wind
And Ill be there until the end
Can you feel the love that we share
Oh Im already there

We may be a thousand miles apart
But Ill be with you wherever you are

Im already there
Take a look around
Im the sunshine in your hair
Im the shadow on the ground
Im the whisper in the wind
And Ill be there until the end

Can you feel the love that we share

Oh Im already there

Oh Im already there
