## ACKNOWLEDGEMENT

*In the name of Allah, the Merciful, the Compassionate*

There is no valuable words to be said but all praises be to Allah, the almighty God, who has sent Muhammad, peace be upon him, to be his prophet and messenger for people all over the world. The writer realizes and feels very sure that without His blessing, mercy, and guidance, it would be possible for me myself to finish the paper.

Herewith I would like to express her profound gratitude, more than she can express, to Hj. Eulis Rahmawati, M.Pd my first advisor, thank also go to Kheryadi, M.Pd my second advisor, for the correction and invaluable criticism. In addition, also very much indebted to Dr. H. Abdul Muin, S.Ag.,M.M. the head of the English Education Department.

Last but for from least, her very sincere thanks especially go to her own beloved parents, and all of those who have helped him, who are not mentioned personally here, without their patience, guidance, and cooperation this thesis could never been written.

## ABSTRACT

**MuslihatullIslahiyah**, SRN 161230079, 2020. “The Influence of Storyboard Toward Students’ Writing Skill on Recount Text” (A Quasi Experimental Research at the Second Grade of MTs Miftahun Najah Lamongan).

This research investigated the use of storyboard in writing skill. This research to find out whether teaching writing by storyboard is effective or not, especially in teaching writing recount text. This research was quantitative research. The design of this research was quasi-experimental design, exactly two-group pre-test post-test (control and experimental classes) The researcher took sample from class VIII C consist of 25 students as experimental class and class VIII D consist of 25 students as control class. The instrument used in this research tests (pre-test and post-test) and observation. The research finding of the last result showed that  $t_{\text{count}} \geq t_{\text{table}}$  ( $1,68 < 2,46 > 2,40$ ). It means that  $H_a$  (alternative hypothesis) is accepted and  $H_0$  ( null hypothesis) is rejected. In addition, the result of the research showed that the use storyboard is effective for students’ writing skill on recount text in the second grade of MTs Miftahun Najah Lamongan-Serang. It could be seen from post-test data by proving the students’ score got better than in the pre-test.
