

CHAPTER V

CONCLUSION AND SUGGESTION

A. Conclusion

After describing and analyzing the data, the writer draws conclusion based on the research finding on the *analysis of supporting arguments on students' critical writing* at English Education Department of UIN Sultan Maulana Hasanuddin Banten are:

1. The student's ability in writing supporting argument on critical writing at English Education Department of UIN Sultan Maulana Hasanuddin Banten had applied the critical writing criteria well because 20 participants in this research introduced their original idea and had analyzed the original argument from various cited sources. Moreover, 17 participants had included the strong sources or cited sources. Lastly, 8 students' essay detected plagiarism over 30%.
2. The students extend to develop their supporting argument on their critical writing by collecting the data and evidence to make their argument strong. From the interview the writer

known that hard for student to find out the match references into predefined theme that writer had asked. In the reality, students can presents the argument and followed by the evidence well even some of the student did not. The student also stated, they have read some journals and article to enrich their knowledge about predefined theme.

B. Suggestion

As the closing report of this research, the writer would like to contribute some suggestion to be hopefully considered as a good input for further learning of writing. The suggestion from the writer as follow:

1. For the Teachers

The teacher must introduce the student to critical writing and supporting argument in every opportunity because it is hard to be skilled in Critical writing without long exercises and knowledge. Moreover, the English teacher can design the class as active as teacher can. So, the student can enthusiastic in learning critical writing. The teacher also can give the student rewards to make them more enthusiastic.

2. For the Students

Student should be practiced English repeatedly in school or at home to enhance the ability in writing good supporting argument and critical writing. Moreover, the students are suggested to read a lot of English book and looking for trending news to enrich their knowledge in critical writing.

3. For the researcher

Despite of the fact that this research had been conducted and the result had been provided, it did not change the fact that there were some shortages in this research. So, it is necessary for another researcher to find more information which may complete the flaw of this research. Therefore, another research of further study is needed here.
