

## **CHAPTER V**

### **CONCLUSIONS AND SUGGESTIONS**

#### **A. Conclusions**

Based on the data analysis and the result of the study, it can conclude as followed:

1. In Harris J's song lyrics, the writer finds some of moral values, such as love and affection, sincerity, thankfulness, steadfastness, kind-hearted, sympathetic to others, and optimism. In addition, the writer finds that the singer gives useful direction and guidance to the listeners, especially for the young generation.
2. The significance of Moral values in a human's life portrayed in Harris J's songs is religious teaching. Human without religion is a human who does not have reason throughout everyday life. In religion, man is guided to worship God and do good things throughout everyday life, both for human beings and nature. Humans are taught by religion to help each other, mutual tolerance in accepting human diversity. In this way, religious teaching can lead people to live happily in the world and in the hereafter.

## **B. Suggestion**

The writer would like to give some suggestion related to this research for English Department Students, teachers, and the next researchers.

### **1. To English Department Students**

The English department can use this paper to add the reference about the moral values contained in songs, moral values are important in education, and using songs can help the students to understand and learning about morality.

### **2. To Teachers**

From the song lyrics, we can get education that teachers should have many experiences and teaching styles by using many sources and media. The teacher suggested using song lyrics while teaching moral values to make it easier and more interesting to learn.

### **3. To the Next Researcher**

For the next researchers, this paper can be a reference for those who need to do further research on the moral values in the lyrics of different songs and the meanings contained in every song.
