ABSTRACT

(R& D)

Eri Fettri, 171230074. 2021. Developing Interactive Learning Media Using Articulate Storyline 3 to Increase Students' Vocabulary at The First Grade of SMPN 3 Ciruas in Academic Year 2021/2022.

The objectives of the research are getting information of students' needs and developing an interactive learning media of English vocabulary for the first-grade students of SMPN 3 Ciruas. This research used Research and Development (R&D) design with adapted Borg and Gall development model that was simplified by the writer into six steps. To collect the data, the writer used observation, unstructured interview, questionnaire, and t-test. It can be seen from the result of the conclusion, which is the t_0 is higher than t_t or $19,7 > 1,69$. It indicates the improvement of students' vocabulary by using interactive learning media. Then the second result of expert validation is 94% from material expert and 84% from media expert, it can be concluded the media has very good category and feasibility to as an alternative learning media.
