The Analyses of Students' Need of Vocational School in Writing Procedure Text Based on SAMR Framework"

ABSTRACT

This research revealed the analysis of students' need in writing procedure text of vocational school students' based on SAMR framework. In this study, the major objectivity was to discover what is the students' needs and also how the teacher implement the SAMR framework in teaching procedure text. The researcher applied the use of sequential explanatory design, mixed method. In which both quantitative and qualitative data are combined to deeply comprehend findings. The sample chosen purposively in number of 30 students and also a teacher in SMKN 4 Kabupaten 4. The result in quantitative aspect, in which there are three main domains, material needs of writing procedure text in which the total score was 369 or 82%. The second, about process of writing procedure text needs in which 862 or 82,1% . The aspect was about how the SAMR framework implemented by the teachers' respond, the total score was 381 or 85,6%. These data was also supported by the qualitative data in thematic views on three aspects domain of needs; material, the process of writing, and also the implementation of SAMR framework. This research has an implication on providing contextual material for vocational school and also how to manage technology in the process of writing procedure text for vocational students'.

Keywords : Needs Analysis, Procedure Text, SAMR Framework.

FOREWORD

Alhamdulillah, praise be to the presence of the Almighty God, who has bestowed His grace and mercy onto the author in order for him to successfully complete this thesis study project. All of the prayers and greetings are directed solely at our figure and example, the Prophet Muhammad, peace be upon him.

The author's goal in conducting research for this thesis is to fulfill one of the requirements for obtaining a master's degree. The completion of this research that was done by the author went through a lot of processes, problems, barriers, and other different kinds of things. However, the author was able to finish this research pretty effectively because of the support that he received from a variety of different parts of the community. For this reason, the author would like to use this opportunity to extend her most heartfelt gratitude to all of the individuals who have contributed to the successful completion of this thesis research.

As a result of the fact that the author is well aware that there is still a great deal of work to be done in this research, the author would like to offer her most sincere apologies for the fact that the research that the author has contributed to the thesis is not perfect. The Author, in their capacity as a writer, is eagerly anticipating constructive criticism and ideas, with the intention of enhancing their performance in future projects.

It is the author's desire that by conducting this thesis study, everyone, and especially those who read this research, would be able to serve as a learning discourse to everyone who is associated with this subject.
