## ABSTRACT

**Uswatun Hasanah.** 191230007. 2023. The Effect of Using Cooperative Learning Number Heads Together on High School Students English Speaking Proficiency.

Speaking was the main thing to measuring someone's English skill. Therefore, an interesting strategy was needed in teaching speaking skill to students, one of which is through numbered heads together. The purpose of this research was to find out the effect of using numbered heads together (NHT) to improve speaking ability of the tenth grade student's at high school MAN 3 Pandeglang. In this research, researcher used a quantitative research approach with the quasi-experimental research method with pretest and posttest design. The population of this research was all of the students in the tenth grade of high school MAN 3 Pandeglang. There are 2 classes, X-A and X-B. The total of population is 72 students. The research instrument is a tool used by researchers to collect, measure, and then analyze data related to the study. In this research, the researcher used a speaking test. This test is used to determine the students' speaking ability using the NHT method, where the speaking test is conducted in both a pretest and a posttest. The results of the students' pretest and posttest obtained would be calculated and analyzed use SPSS 30. The result of the data analysis shows that the mean score of speaking test before treating Numbered Head Together method was 59,6 And after treating, the mean score was improved by 83,06 The t-test value it is known that the Asymp. Sig. (2-tailed) value is 0,000. Since 0,000 is smaller than  $< 0.05$ . From the result of the research, the researcher conclude that the hypothesis was accepted. It means that using Numbered Head Together method was effective in teaching students' speaking ability at the tenth grade in MAN 3 Pandeglang.

## **A BRIEF BIOGRAPHY**

Uswatun Hasanah, is the author of this thesis. Born and raised in Pandeglang-Banten. Born from a mother named Sukaesih and his father named Sartaman (deceased). She underwent education starting from elementary school at SDN Tanjung Jaya 1 and MDA school at MDA Asy-syifa, continued to MTs Asy-Syifa, then at MAN 3 Pandeglang. She studied Bachelor of English at Sultan Maulana Hasanuddin Banten State Islamic University. During her college years, she was active in various academic and non-academic activities. Some of the achievements she achieved during college, namely starting with her selection as Queen ALC 2019 (Princess selected in major orientation activities), outside of her academics, she became Tete Pandeglang (Tourism Ambassador of Pandeglang Regency), became a delegate of Banten Province and represented Indonesia in the Indonesia Korean Youth Exchange Program (IKYEP), and won as the 1<sup>st</sup> champion of Putri Maritim Indonesia 2023.

In addition, she is also active in youth activities, namely Scouts and Paskibra, which has led her to several activities at the Provincial to National levels. The motivation for self-development is very strong. She wants to be a woman who is able to prove that hopes and big dreams can be achieved with all efforts and hard work. Becoming an English Education Student certainly has led her to the gates to success. Hopefully this is a good first step, so that after completing this undergraduate education, she is able to further develop herself and be useful to others.
